Those of you with CSO consent decrees, can you please review the decrees to see if they include watershed restoration and/or green infrastructure implementation plan? Here is the list of what I think

## Ex. 5 Deliberative Process (DP)

# Ex. 5 Deliberative Process (DP)

Please let me know either way. If your municipality does have an enforcement document, whether a CD or AO, responsive to the FOIA request, i.e. with a watershed restoration and green infrastructure implementation plan, AND if documents is from the time period of January 1, 2010 – August 2, 2019. please scan the order and send to Pam McCray. Thanks.

Good Afternoon

I am the FOIA Project Manager assigned to ORC.

This FOIA is being assigned to ORC. (see attachment)

Short description from requester:

This serves to memorialize what records we are seeking with respect to this request. 1. A full list of Section 319 grants that include watershed restoration (only a list and not the grant documents themselves) 2. Any CSO and/or CSO Consent Decree that includes a watershed restoration or green infrastructure implementation plan 3. One TMDL implementation plan that includes watershed restoration from each state within Region 3 4. One acid mine drainage restoration example from Pennsylvania, as discussed at the end of the call

Please let me know who the assigned subject matter expert will be. If this doesn't belong in your group, please let me know ASAP and who it may go to (if known).

Should you have any questions, please let me know. Also, if this is a multiple divisional FOIA assigned to the Water Branch.

Thanks in advance.

Pam McCray
